

FORM E / FORM S
Used in Exterior Wall Cladding Systems

Permit Number: _____

Modified EIFS (Form E)

Modified Stucco (Form S)

RE: Design and Field Review of Construction for the following project

Project Name: _____

Project Address: _____

Legal Description: _____

I hereby give the assurance that the design of the modified EIFS or modified stucco (acrylic finish on the cement-based stucco) cladding system on the exterior wall described on plans, specifications and other supporting documents, prepared by this *registered professional* in support of the application for a building permit meets the intent of the National Building Code – Alberta Edition 2019.

I also undertake to notify the *Authority Having Jurisdiction* in writing if the contract for *field review* is terminated at any time during construction.

I also confirm that the *Authority Having Jurisdiction* takes no responsibility for the use of this exterior wall cladding system in this project and I have advised the owner of this fact.

I hereby undertake to be responsible for *field review* during construction as indicated in the following summary:

1. Cladding support, movement control and thermal expansion.
2. Moisture management including protection from precipitation and water ingress control.
